6x Electric Scrub

This patented style scrub is made both on a single and a double row block from four to eight "bobs" long. The double row scrubs can be furnished with or without the rubber squilgee. With the squilgee you have your scrubber and dryer in one.

THE SCREEN KEEPS THE WATER CLEAN

Made in either single or partitioned tank—wringer attached. Holds eighteen gallons of water and is easily handled. Mounted on fibreiodtired casters that will not mar the floors.
